

# 4-H Alberta Member Fee Increase for 2017/18

For 100 years 4-H Alberta has worked hard to bring our 4-H families tremendous value for their 4-H experience. And through authenticity, innovation, and transformation 4-H Alberta will proudly continue to be the youth leadership development organization of choice in Alberta for the next 100 years.

Effective for the 2017/18 club year 4-H Alberta will be increasing all provincial junior, intermediate and senior member fees from \$85 per member (\$55 club member registration fee + \$30 provincial council fee) to \$100 per member. This fee will collectively be the '4-H Alberta member fee' and will now be paid at the time of registration through the 4-H Alberta online registration system as one transaction. Member fees are used for the continued enhancement of member and leader development, provincial programming and project materials, Alberta 4-H Centre operations, risk management (insurance), administration, promotion and communication.

Additionally, Cleaver Kid fees will be increasing from \$20 per Cleaver Kid to \$30 per Cleaver Kid in the 2017/2018 club year and will also be collected at the time of registration. Cleaver Kid fees are used for administration, risk management (insurance), and the development and enhancement of Cleaver Kid project materials.

Your club may charge an additional fee to contribute to club, district and regional project or programming costs. This will vary from club to club and is separate from the \$100 4-H Alberta member fee. Please discuss with your specific council for more details.

For more information please contact 4-H Alberta at [info@4h.ab.ca](mailto:info@4h.ab.ca) or 780-422-4444.
