

Maybe you've heard of us?

# 4-H ALBERTA

But do you really know us?

Our purpose is more than teaching youth how to raise a calf or sew a button. We are a **learn to do by doing** positive youth development organization. We give youth the skills needed to succeed in life - leadership, communication, technical and life-skills. We train youth to become **confident speakers** and communicators. We allow youth to **explore their passions** and find new interests through their projects. We improve your neighbourhood through **community service**. We offer **summer camps**, development and technical programs so youth can learn and network with members from across the province. We recognize hard work and achievements through awards, travel opportunities, and **scholarships**.

4-H Alberta is a great place to grow.
