  - 3) All games are 4 ends. All games to be played to the full ends
  - 4) Each rink will curl 3 games, CURLERS ONLY on the ice area.
  - 5) When marking your score card, put the name of the winning skip on the top line, and the losing skip name on the second line. Put the ends won and blanked - also mark correct game score.
  - 6) Your card should be handed to one of the score keepers.
  - 7) The procedure for tallying the card is, four points for a win, one point for each end scored, and one half point for each rink for a blank end. The team with the most points in each section is the winner. In the event of a tie in a section, the total game scores will determine a winner.

3rd Event...the teams losing their first two games.
  - 9) In the case of changing skips between events, the original skips name must remain with the registered (original) team. In other words, a stand-in skip assumes the name of the original skip as far as records are concerned.
